

Project Title: University of Georgia Cooperative Extension County Agent Programs

Project Leader: W. Scott Monfort, University of Georgia, smonfort@uga.edu

The Georgia Agricultural Commodity Commission for Peanuts has a long history of supporting University of Georgia Cooperative Extension County Extension Agents. Specific programs for UGA County Extension Agents that have been funded by the Georgia Peanut Commission over the past years include: on-farm applied research projects and result demonstrations, travel to the American Peanut Research and Education Society (APRES) annual meeting, and the “Peanut Education for Excellence” awards presented to outstanding county-based Extension programs focusing on peanut production presented annually at the Georgia Association of County Agricultural Agents (GACAA) meeting.
